Finance professional with experience across banking and insurance, focused on financial analysis, reporting, and stakeholder support.

EDUCATION

BSc in Finance | HKUST 2012–2016

PROFESSIONAL EXPERIENCE

Manager | AIA 2022–Present

- Faced competing finance initiatives, shifting stakeholder requests, and tight delivery windows; managed a team delivering projects on schedule.
- Translated requests into sequenced workplans, aligned owners to budgets and priorities, and surfaced blockers early to keep delivery moving.
- Led a 500-person cross-functional effort across 12 workstreams; delivered 100% of milestones on time while holding budget variance under 3%.

Analyst | Standard Chartered 2019–2022

- Worked with finance data arriving from fragmented sources and tight close deadlines; analyzed trends and exceptions to inform business decisions.
- Built standardized Excel- and SQL-backed dashboards, reconciled inconsistent inputs, and distilled key movements into stakeholder-ready reporting packs.
- Unified monthly reporting across four business units, cut pack preparation time by 65%, and reduced follow-up queries by 40%.

Analyst | HSBC 2016–2019

- Supported business decisions under recurring month-end deadlines by analyzing finance data and preparing stakeholder reports and dashboards.
- Automated recurring data checks and dashboard updates with Excel and SQL, replacing manual handoffs with a repeatable review workflow.
- Reduced monthly reporting turnaround from five days to 36 hours (~70%) and cut rework by 30%.
